ECONOMICS, RUSSIAN  
FEDERATION

### Congratulatory letter

Dear Rector Nikita Anisimov,

On behalf of National University of Mongolia, I wish to extend my warmest congratulations for the 30th anniversary of National Research University- Higher School of Economics. NUM is proud to have rapidly growing well-renowned research university- Higher School of Economics as our partner.

We are pleased that our cooperation and academic exchange has been expanding since we established official cooperation in 2016. The quick expansion of your university, including the bachelor's programme "Mongolia and Tibet" at Institute for Oriental and Classical studies, opens up new fields of cooperation for us.

This milestone offers a wonderful opportunity to reflect upon the history of the Higher School of Economics and the important contributions it has made to the personal and academic development of thousands of students, past and present. As you mark 30 years of success, you have every reason to be proud of the University's past and excited about its future.

We look forward to broadening and strengthening our partnership with Higher School of Economics for the years to come.

I wish you the very best for the future endeavors of all academic community of your university and hope that you will have a wonderful anniversary celebration.

Sincerely yours,

Prof. OCHIRKHUYAG BAYANJARGAL
